## FOLLOWERS

Fixed-price

★★★★★ 5.00 Sep 2018 - Feb 2019

*Sajib was very responsive during our time together. He gave me great results. I asked for 5000 followers and he got me 5,200. He over-delivered. However, I'm losing on average about 20 followers per day so I don't know if he needs a new strategy or if the followers are being removed by Instagram. He also doesn't meet deadlines and struggles to communicate from time to time. The contract was suppose to be done by December 15th but he didn't finish until January. He's a great guy and will get you results but he also has a few things he needs to work on.*

## Email Marketing Expert who can work with GetResponse

Private  
24 hours

★★★★☆ 3.55 Nov 2018 - Feb 2019

*Sajib has a great personality but has to get his game straightened as far as email marketing, which we hired him for. Many mistakes were made and emails were sent out before the review on our side. We felt that due to his current education he was not always available or met the deadlines.*

### Freelancer's Response

*I was a little busy my Masters' exam, He gave me 5 hours for a week, but his workload very low, I had spent 1-hour max in a week. It did not hamper my study, I give him the proper time for his project. At the beginning of the project, all everything was going well, last week, I did a little mistake, but he ended the contract with any notification, He had no patience. We can mutually*

discuss and solve that problem..My fortune very bad...
